PROFILE

i am dedicated web-developer with foundational knowledge in javaScript, Angular, HTML, CSS, BootStrap. Constantly seeking opportunities for improvement, I believe in continuous learning and practical application of skills.

EXPERIENCE

jr.Web Developer (Angular)   2024 - AHMEDABAD
Duration - 4 Months

- During this internship, I gained proficiency in various technologies including HTML, CSS, BootStrap, JavaScript and MVC Concepts. I actively contributed as a front-end developer in the development of a TASK - MANAGER System. this exprience provided me with hands-on skills in designing and implementing user interfaces, validation, responsive layout and and visually appealing web pages, and collaborating effectively within a development team.

PROJECTS

CRUD APPLICATION   2024 - PRESENT
Angular

- Build a CRUD app using Angular, allowing users to create ,read, update and delete data entries.
- implemented Restful API integration for seamless data managment and user interactions.

TASK - MANAGER   2024 - PRESENT
Angular

- Teacher and Team-Leader can create tasks and assgin them to themselves or to specific students and employee. each task should include details such as title, description, due date, priority,and maybe additional attchments like files or links.

BLOCK PUZZLE GAME   2023 - GUJARAT UNIVERSITY
java

- Block Puzzle Game To Development for Java. Block Puzzle aim to Fun and Enjoy.
